

earbud grips

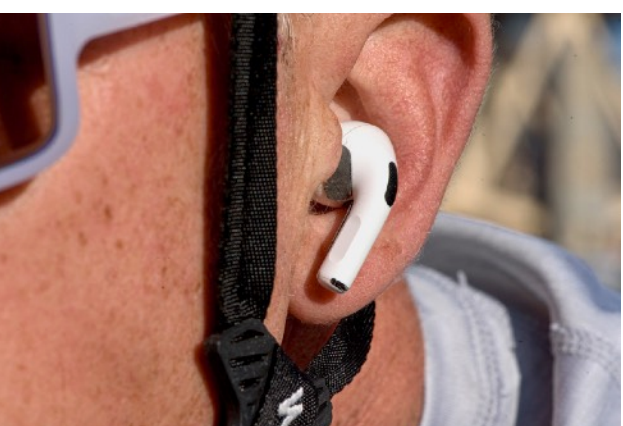

Our patented, gecko-inspired **earbud grips** provide the firmest, most comfortable grip on the market, even on sweaty skin.

Perfect fit in charging case.

Stay in control.®

One in six users lose a wireless earbud every year. Setex technology works under the most stressful circumstances to keep your earbuds in place and you in control.

AirPods & Wireless Earbuds

Our earbud grips are designed to fit most popular brands including all generations of AirPods and AirPods Pro, plus other wireless models by Skullcandy, Sennheiser, Bose, Google Pixel Buds, and others.

Our Technology

Setex microfibers are designed like geckos' toe hairs, called setae, to provide a comfortable and secure grip.

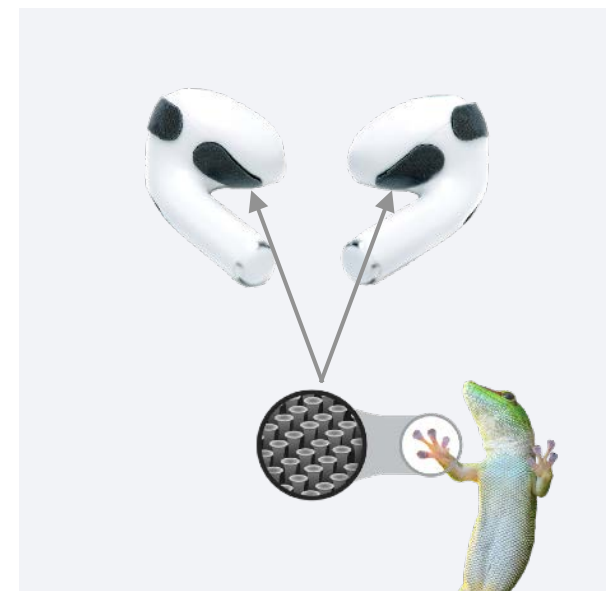

Thousands of mushroom shaped fibers mimic geckos' toe hairs - i.e. setae.

Flexible Setex fibers provide soft, comfortable contact to skin.

Setex microstructures provide a secure grip, even on wet or sweaty skin.

Our Setex grip product materials passed ISO 10993-10 Certification - Biological Evaluation of Medical Devices, Part 10: Tests for Irritation & Skin Sensitization.

Product Pipeline

We are actively developing new Setex gripping earbud accessories, to be released on an ongoing basis.

AirPod 3
Hooks

In the first half of 2022 we will be releasing AirPod 3 hooks to further secure your earbuds in place under extra demanding circumstances.
